The process of exfoliation rids the body of any dry, dull skin by removing dead skin cells from the surface of the epidermis. By removing these dead cells, exfoliation can help keep pores from becoming clogged and leave skin with a refreshed and clean feeling. The removal of dead skin cells speeds up the skin renewal process, allowing smoother, healthier skin cells to take their place. Additionally your skin will absorb all of the benefits of our lotions during massage.

Save \$10!

We always have Indulge Spa Gift Cards...the perfect addition to any gift package!
